FEDEMAC
EUROPEAN MOVERS

Official Statement from FEDEMAC

FEDEMAC is firmly committed to maintaining a professional, respectful, and safe environment at all events and within all activities it organizes or supports.

Following verified incidents of unacceptable conduct, specifically involving harassment, FEDEMAC has made the decision to **permanently expel two individuals** from all future FEDEMAC events. This disciplinary action applies strictly to the individuals in question and does not extend to the companies they represent.

FEDEMAC upholds a **zero-tolerance policy toward any form of harassment**. Such behavior is entirely incompatible with the values and standards we promote and expect from all participants, members, and partners.

We will continue to take all necessary measures to ensure that our events foster a climate of integrity, inclusion, and mutual respect.
